

GOD'S GRACE

- 
- Grace is God's unmerited favor.
 - Grace is a free gift you can do nothing to earn or deserve.
 - Grace is God's willing and free bestowal of His goodness and favor upon the unworthy and undeserving.
 - Grace is God giving us what we don't deserve.

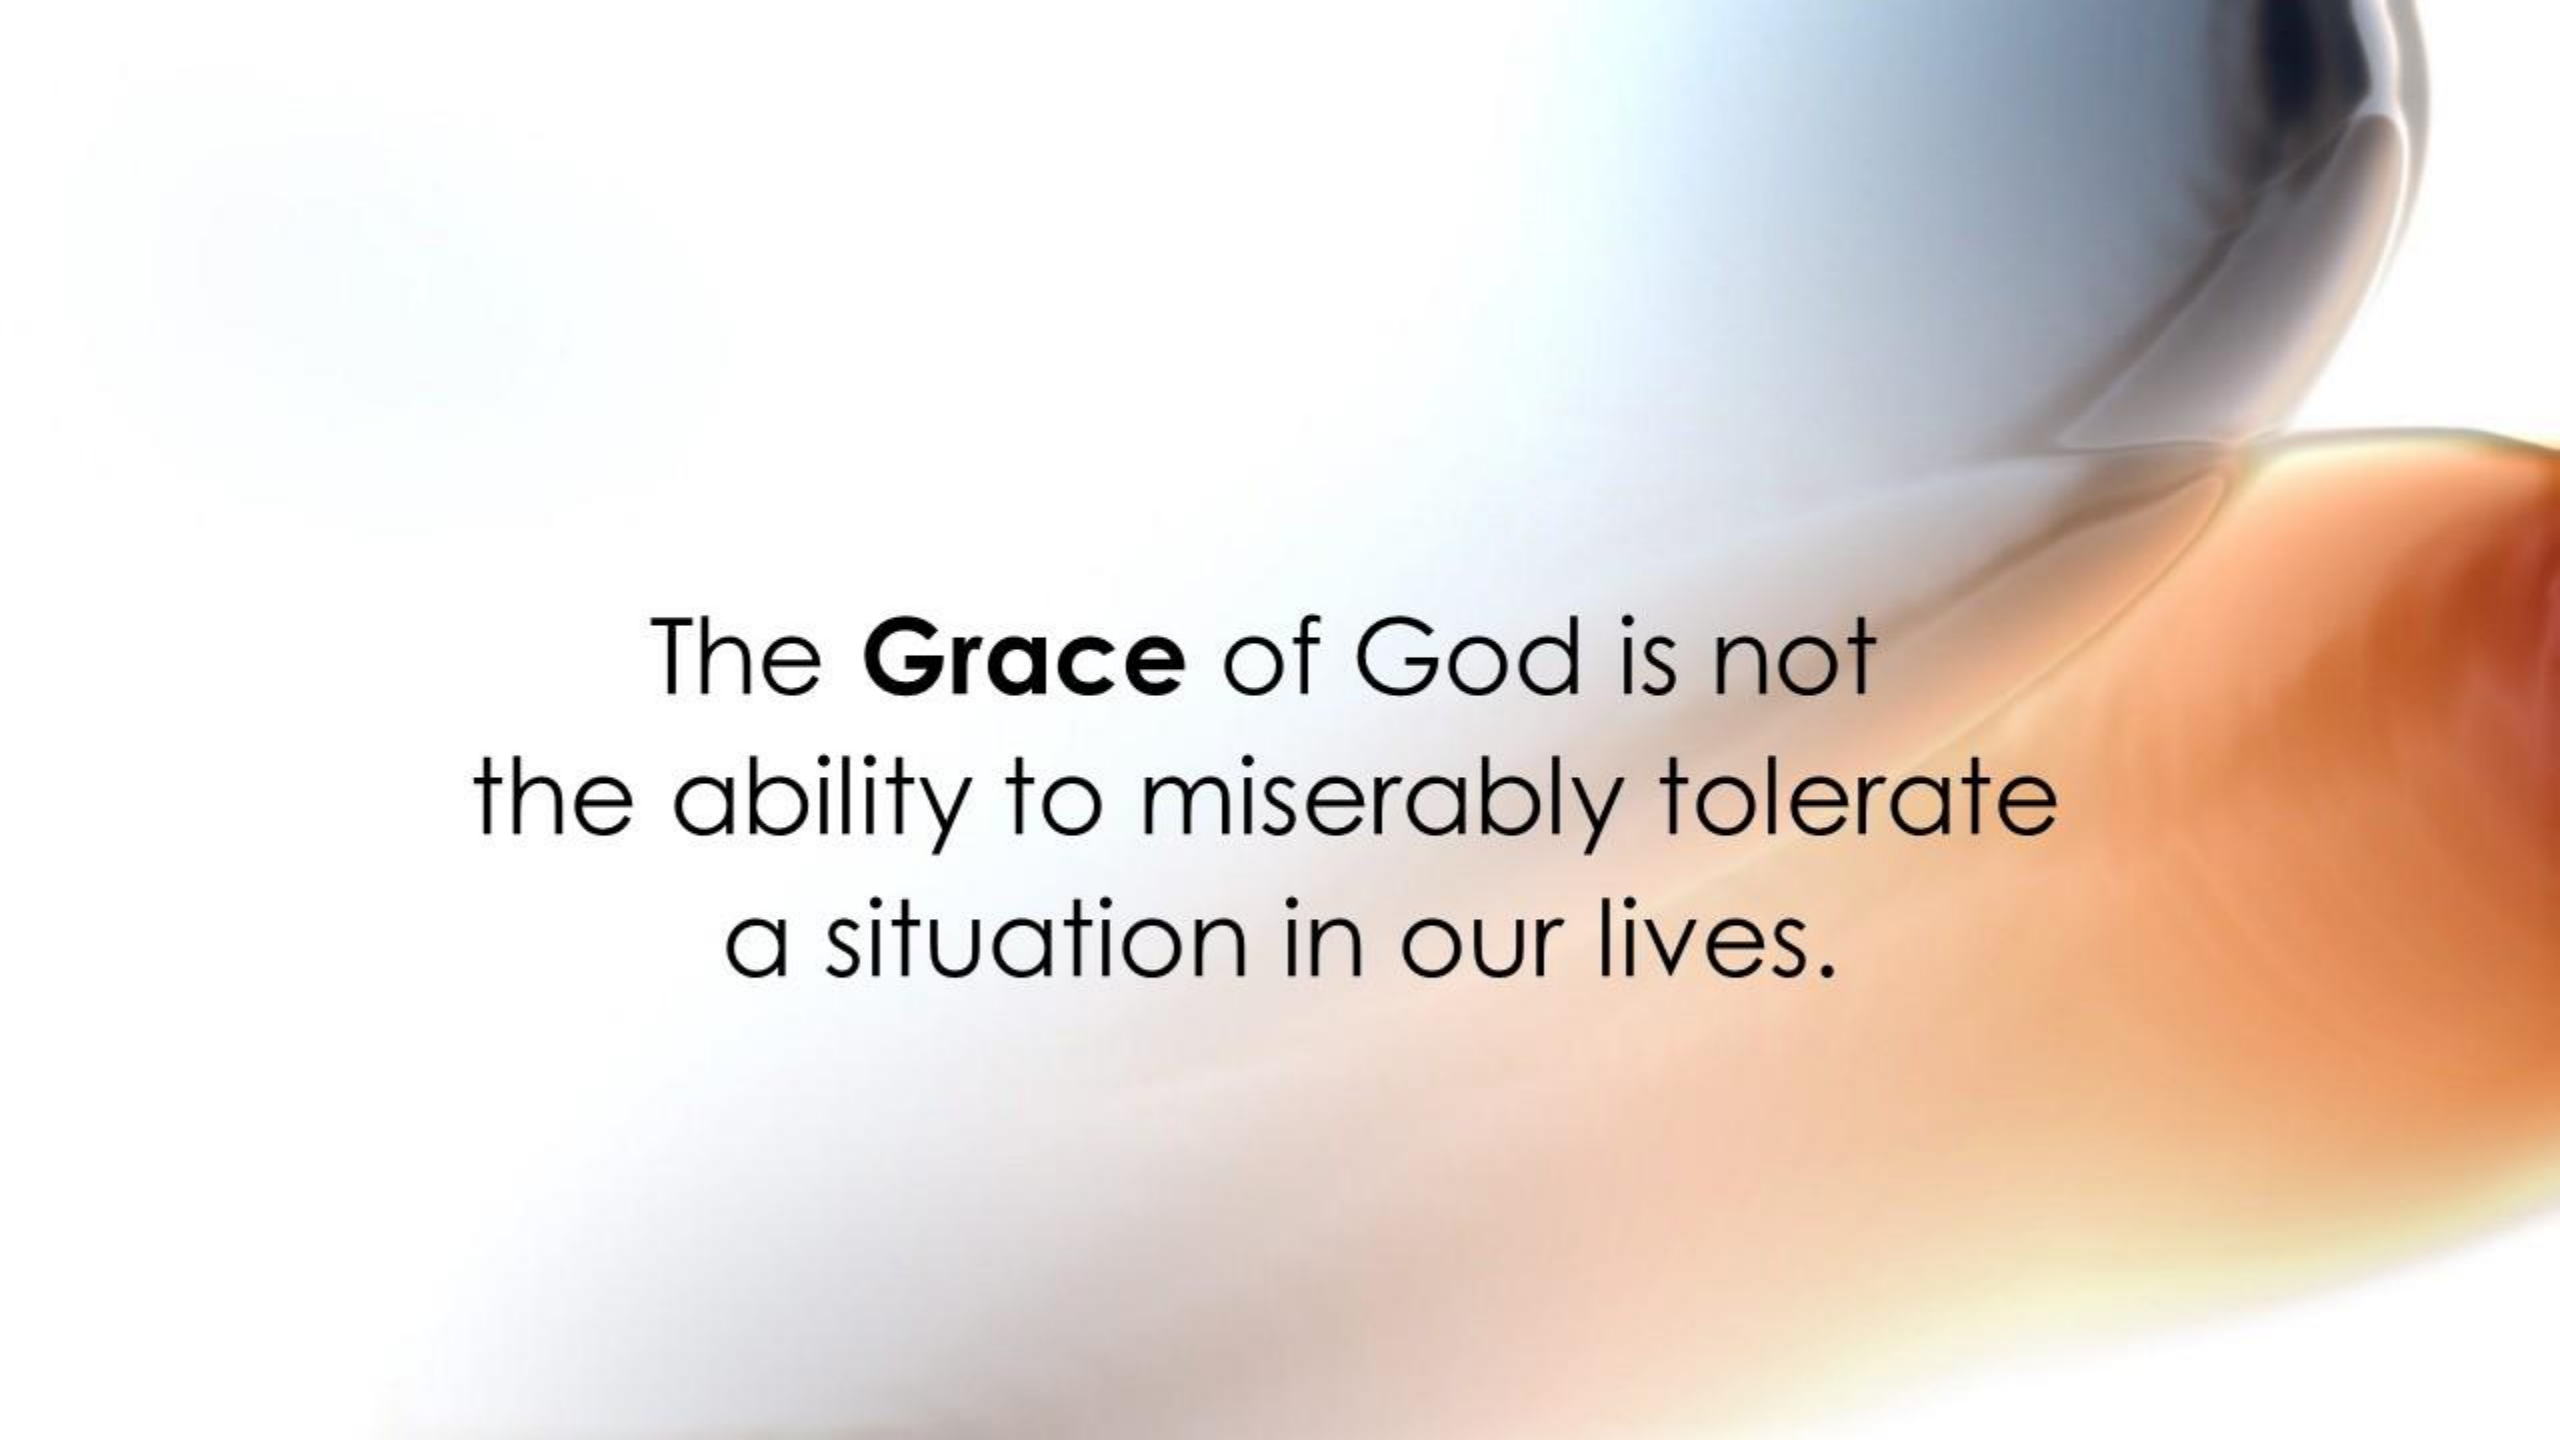

- 
- A glass of orange juice with a slice of orange on the rim.
- Grace is not a thing, its really about someone.
 - There is a focus to the Bible and its message of Grace and its always found in Jesus Christ. Therefore it must be preached in a way that is centered and focused on Jesus Himself.
 - God never intended for us to be offered the benefits of grace without the Giver of grace Himself.
 - Grace is given by Him and should always point us back to Him.

What **Grace** isn't

The **Grace** of God is not a dead,
theological concept.

The **Grace** of God is not
the ability to miserably tolerate
a situation in our lives.

The **Grace** of God is not a
passive attitude God has towards us.

The **Grace** of God
is not a license to sin.

The **Grace** of God is not a cop-out
for assuming responsibility or
an excuse to avoid spiritual disciplines.
